Board of Directors ► Ability-Counselling and Training Ltd ABN 49 614 888 087

Our Values

The values Ability-Counselling and Training Ltd will adhere to are:

- Accountability and integrity to the community
- Comprehensive professional application of community care and safety through a strengths based approach
- Providing integrated support to rural communities
- Value for money

Strategic Plan 2017-2022

Ability-Counselling and Training Ltd

Our Vision

Our vision is to become a largely self-sufficient company that has empowered rural communities in mental health, forensic mental health management, and successful harm reduction strategy implementation.

Strategic Aim

In the next five years, Ability-Counselling and Training Ltd will become a better resourced not for profit company with strong support networks and engagement, delivering measurable mental health, forensic mental health, and harm reduction outcomes through the strategies and engagement we provide in the rural communities we serve. Our success will attract national recognition.

Strategic Objectives

1. Seeing measurable mental health, forensic mental health, and harm reduction outcomes
 2. Having an engaging presence in rural communities supporting individuals and relevant stakeholders to achieve optimum output goals
 3. Providing value for money through interagency collaboration, and development of strong revenue streams
 4. Being a leader in mental health, forensic mental health, and harm reduction statewide, and nationally
-

Measures

1. Seeing measurable mental health and harm reduction outcomes

- Consistent 20% increase annually in access of services
- Engagement with Police, Corrections and Mental Health agencies in the communities
- Interventions and support provide recovery of mental health, forensic mental health, and relief of disadvantage, reducing harm to self and community, evidenced through public record statistics

2. Empowering rural communities by engaging sustainable outcomes

- Engaging Police, Corrections, Mental Health agencies and other relevant agencies in the communities for successful strategy implementation
- Stakeholder satisfaction ratings are of a high standard
- Community project implementations maintain 20% growth annually
- Sustainability of projects achieved through innovative implementation

3. Value for money through accountable engagement

- Consistent increase in annual turnover
- Obtain 20% self-sufficiency of revenue generation
- Operate at surplus providing continued community engagement opportunities
- Demonstrate fiscal responsibility enabling continued meeting of goals

4. Leading in mental health and harm reduction statewide and nationally

- Partnerships with Universities developing capacity and specific skills
- Development of organisational research priorities
- Publications in respected Journals
- Presentations at State and National conferences
- Increase Ability-Counselling and Training Ltd's profile through a multi-media approach
